INTRODUCING H2O Concepts

Delivering dynamic and versatile contract furniture solutions is the hallmark of H2O Concepts. We cater for the complete portfolio of furniture products and services.

For small to medium businesses and corporate organizations, H2O Concepts is a leading regional provider of contemporary furniture products.

Clients are invited to visit our showrooms in Dubai and Abu Dhabi, to discover our carefully selected product range, workmanship, style and expertise. We offer a distinct competitive edge in the UAE market.

INTEGRITY
IN
DESIGN
AND
INTEGRITY
OF
PURPOSE

Our team has a project orientated mindset and builds on wide experience.

We offer total one stop solutions in the planning, design, delivery, installation and maintenance of projects.

By promoting the highest levels of customer care we are committed to setting the H2O Concepts brand as an industry benchmark.

Our dedicated teams of trained professionals continually seek to promote standards of excellence, and develop stable long-term business relationships.

TRANSFORMING VISION INTO REALITY

At H2O Concepts we endeavor to help clients maximize their business potential, by shaping spaces that meet the needs of the work force, and project a desired image.

Product lines include an extensive choice of cutting edge furniture systems and free-standing furniture, which encompass the full spectrum of industry settings.

Offices, conference spaces, auditoriums, hotels, hospitals and educational institutions are all catered for.

While clients can select furnishing options from a variety of brands, all offer equally superior quality in construction and finish.

IDENTITY
AND
SPIRIT

Project Management services are based on a process of mutual consultation - incorporating feasibility studies, space planning, interior design, supply, installation and maintenance of furniture and accessories.

Managing change is an added value service led by specialized teams who help equip our clients to deal with workplace change.
Our highly adaptable products are also ideally suited to work environments that continue to evolve.

WORK

Environmental responsibility plays a pivotal role in the strategic vision of H2O Concepts, and we actively promote environmentally sustainable workplace solutions.

Our products have won certification from the globally recognized Leadership in Energy and Environmental Design (LEED) Green Building Rating System.

Consultation and on-going communication with clients is vital to our brand values.

We listen to our customers' ideas, concerns, and aspirations, before analyzing their requirements and proposing solutions.

OUR PROMISE

Reliability is also a core principle of our brand, and we have built an excellent reputation in the industry for trusted and dependable service that is second to none.

In managing the logistics of orders, shipments and deliveries H2O Concepts meets the highest professional standards.

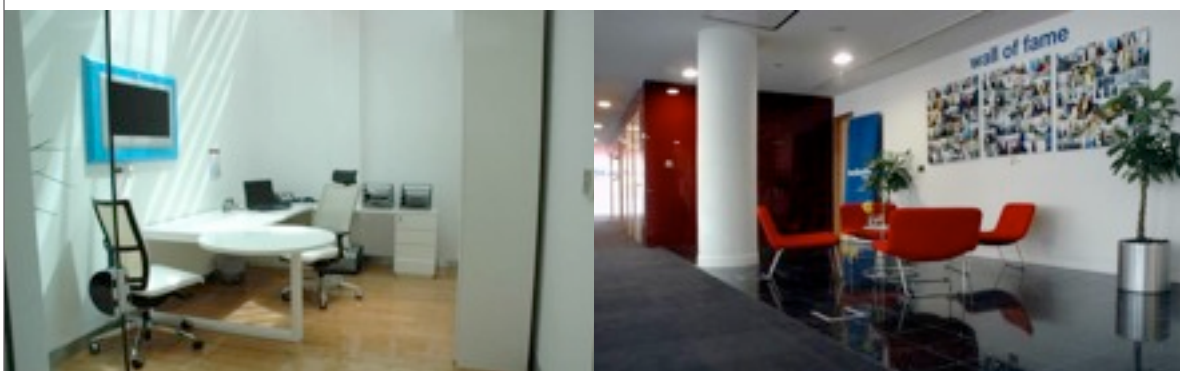

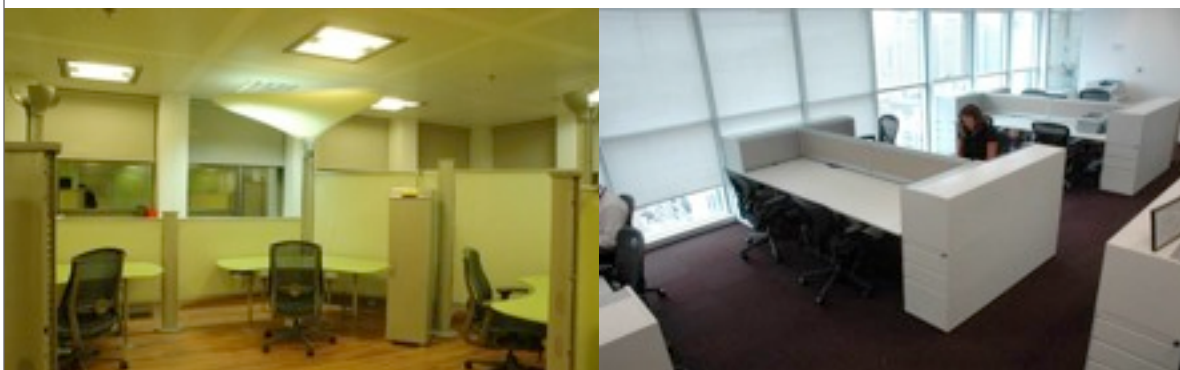

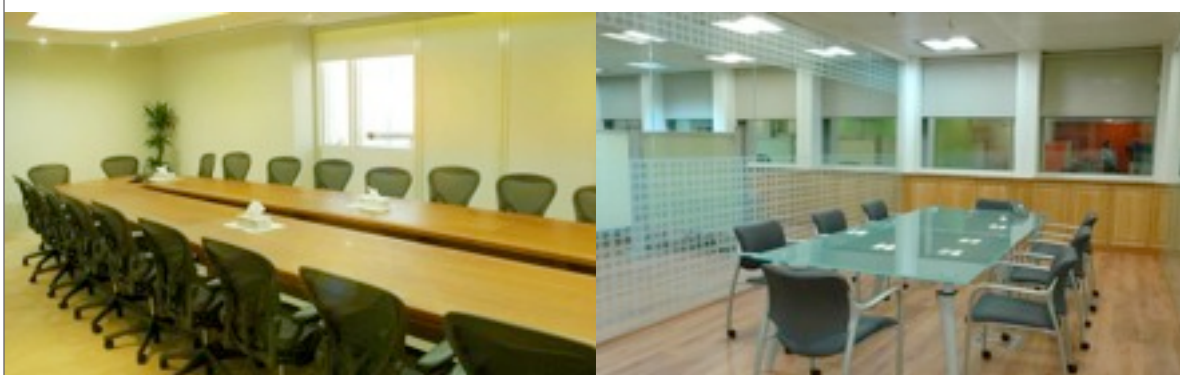

Quality assurance is guaranteed by outstanding supply chain and project management departments, as illustrated by our Herman Miller warranty which is twelve years based on three shifts usage.

Products arrive in prime condition, and great care is taken in the handling and installation of consignments by experienced personnel.

Customer Care is paramount to our business, and well trained teams provide exemplary customer service for clients, stakeholders and key contacts.
